SKILLS

Goal Oriented

I believe in action over long-winded discussions. I listen to everyone's viewpoints and use my judgement to immediately act based on consensus to achieve goals quickly and efficiently.

Leadership

Manage and lead a team of four developers, ensuring project quality and timely delivery.

Oversee project planning and execution, aligning with organizational goals.

Utilize strong decision-making skills to resolve challenges and enhance productivity.

Team Player

Collaborated effectively with cross-functional teams to achieve project goals on time.

Proven ability to work harmoniously in a team, contributing to a positive and productive work environment.

Dependable team member who consistently supports colleagues and adapts to changing project needs.
